PUBLIC HEARING

PH 1. Annual Budget Adoption (Presenter District Finance Consultant Dr. Brad Rockabrand.)

A. Public Hearing regarding the adoption of **Resolution No. 2023-7.**

1) A motion was made to open the Public Hearing at 6:08 PM by Director Washington and seconded by Director Webb.

The motion passed 5/0 by the following roll call vote:

Director Greg Washington	Aye
Director Alfred Wallis	Aye
Director Rick Webb	Aye
Vice President Ben Stewart	Aye
President Byron Glennan	Aye

2) Presentation from District Finance Consultant Dr. Brad Rockabrand.

Dr. Rockabrand explained the District is going into its third year of the 2021 Rate Study. A \$700,000 deficit was forecast in the third year. This approach was intended to smooth the impact of the rate increases while simultaneously getting the District’s reserves replenished over the five-year study period. The FY 2023-24 budget shows better than expected results. It is a balanced budget and does not have the anticipated deficit due to better than expected year to date actuals in fiscal year 2022-2023 and the carryover savings. Dr. Rockabrand noted that there was a change in the amount of \$75,000 that was added to Power expense at the Water Reclamation Plant.

3) Receipt of public testimony.

Yolanda Ash asked if a copy of the budget was available to the public. District staff informed her it was available on our website.

Never Lewis questioned why the sewer and water are fees placed on the property tax roll. She stated the public had voted to not put them on the tax roll previously. She felt it is unfair for RCSD to continue charging the fees in this manner since it was already voted on. She stated RCSD does not do anything for the community.

Director Webb responded that some of the community services were discontinued when Kern County took over jurisdiction of the parks. He encouraged the community members to approach RCSD staff with ideas for community events.

Dave Snyder expressed that more residents need to help pay for the swimming pool, other than the few who are charged on their property tax bill. He recalled that voters gave RCSD authority over the parks but did not approve a funding source.

Director Webb suggested Mr. Snyder attend the monthly RMAC meetings and speak to 2nd District Supervisor Scrivener’s Field Representative, who is a regular attendee.

Ardella Birdsong stated she has seen great change since moving here in 2004. She is still being charged for the park on her property tax bill and doesn't understand why since Westpark is not functional.

Yolanda Ash also said she was concerned about rate increases and irrigation water waste in town. There are a lot of weeds proliferating in the community that used to be taken care of. She said she doesn't mind paying for services but wants to know what she is paying for.

Vice President Stewart responded that many of the funds RCSD has are restricted to specific uses, making it difficult for the District to do work outside of its main scope. He thanked the public for their comments and empathized with the frustrations that they expressed.

GM Domingo reminded the audience that 99 percent of the complaints they expressed are with Kern County. He welcomed their complaints and committed to helping the members of the community find the proper people at the County to contact.

4) Closing of Public Hearing at 6:37 PM

- B. Adopt Resolution No. 2023-7, adopting the Annual Budget for the Fiscal Year Ending June 30, 2024.**

Motion passed by the following 5/0 roll call vote:

Director Greg Washington	Aye
Director Alfred Wallis	Aye
Director Rick Webb	Aye
Vice President Ben Stewart	Aye

New Business

NB 1. Approve Agreement and First Task Order with Cannon Corporation for Biosolids Disposal Analysis Report. (Presenter GM Domingo).

GM Domingo informed the Board that the District must submit a work plan to the California Regional Water Control Board, Lahontan Region, that will address the disposal of biosolids that have accumulated in the oxidation ponds. The ponds are no longer used for treatment. A draft work plan was submitted to Lahontan on May 4, 2023, with the proposed study to be conducted by Cannon Corporation as an integral part of the plan. The study is the first step in what will inform the District regarding how the sludge will ultimately be disposed. There are three alternatives that will be considered which will quantify the cost of each for District planning and implementation. Staff recommends approval of the Agreement and First Task Order with Cannon Corporation.

A motion to approve and authorized the board President to execute the Master Services Agreement and Task Order 2023-1 with Cannon Corporation was made by Director Washington and seconded by Director Webb.

Motion passed by the following 5/0 roll call vote:

Director Greg Washington	Aye
Director Alfred Wallis	Aye
Director Rick Webb	Aye
Vice President Ben Stewart	Aye
President Byron Glennan	Aye

NB 2. Approval of Resolution 2023-6 Adopting the California Uniform Public Construction Cost Accounting Procedures (CUPCCAA). (Presenter GM Kim Domingo)

The District’s current procurement policy follows Public Contract Code, which requires any Construction contract greater than \$25,000 to be formally bid. The CUPCCAA was passed by legislature to standardize the cost accounting for construction costs and modified the procedures that contract could be let. Adopting CUPCCAA will provide the district flexibility in completing needed projects by raising the cost level of construction projects that require outside bids from \$25,000 to \$60,000 and allow for informal bidding for projects up to \$200,000. Projects greater than \$200,000 require a formal bid process.

A motion to approve Resolution 2023-6 Adopting the California Uniform Public Construction Cost Accounting Procedures was made by Director Webb and seconded by Director Washington.

Motion passed by the following 5/0 roll call vote:

Director Greg Washington Aye
Director Alfred Wallis Aye
Director Rick Webb Aye
Vice President Ben Stewart Aye
President Byron Glennan Aye

NB 3. Adoption of Administrative Handbook Policy 7010 – Non-Profit Activity on District Property. (Presenter GM Kim Domingo).

It has been past practice to allow the use of District facilities, such as the board room, for non-profit groups, such as the Red Cross for blood drives or local mutual water companies for informational meetings. Staff reviewed the current Administrative Handbook for guidance and found that no policy exists. The proposed policy identifies terms of use, which may include fees that would recoup expenses incurred by the District for use by a non-profit entity. Staff recommends adoption of the policy to clearly establish the requirement of use of a District facility by non-profits.

A motion to adopt the Administrative Handbook Policy-7010 Non-Profit Activity on District Property was made by Director Washington and seconded by Director Webb.

Motion passed by the following 5/0 roll call vote:

Director Greg Washington Aye
Director Alfred Wallis Aye
Director Rick Webb Aye
Vice President Ben Stewart Aye
President Byron Glennan Aye

NB 4. Approve First Amendment to Agreement and Work Order 2023-01 with NBS Government Finance Group for Water and Sewer Tax Roll Services. (Presenter GM Kim Domingo).

The District relies upon services provided by NBS to determine and process the documents and files necessary for submittal to Kern County for placement of levies on the tax roll. In the process of reviewing the agreements on file, it was discovered that the Professional Services Agreement (PSA) had expired on July 9, 2022 and that an amendment to the agreement would be required if the District desired to retain services from NBS under the PSA. The proposed amendment will re-authorize the PSA to July 9, 2025 and take effect retroactively to July 9, 2022. Staff recommends approval of the First Amendment to Agreement and Work Order 2023-01 with NBS Government Finance Group for Water and Sewer Tax Roll Services.

A motion to approve the First Amendment to Agreement and Work Order 2023-01 with NBS Government Finance Group for Water and Sewer Tax Roll Services was made by Director Webb and seconded by VP Stewart.

Motion passed by the following 5/0 roll call vote:

Director Greg Washington	Aye
Director Alfred Wallis	Aye
Director Rick Webb	Aye
Vice President Ben Stewart	Aye
President Byron Glennan	Aye

NB 5. Adoption of Amendment to Employee Handbook - Compensation Policy, Exempt Employees not Under an Employment Agreement. (Presenter GM Kim Domingo).

On April 24th the Policy Committee met to discuss a proposed policy change that would provide compensation increases to exempt employees not under an employment agreement the same percentage wage increases granted to represented employees and vice versa. The Compensation and Classification study that resulted in a Side Letter Agreement with the AFSCME providing a 4% increase retroactive to July 1, 2022 and a 2% increase on July 1, 2023, does not include a similar increase for exempt employees. Historically, not providing the same increases to both employee classifications has led to wage compaction issues as well as a sense of inequality between the employee classes.

While it may have been the Board's intention in the past, the requisite policy was not adopted. Therefore, it is at the Board's discretion whether to adopt this policy retroactive to the adoption of the Side Letter Agreement.

A motion to adopt the amendment to the Employee Handbook - Compensation Policy, Exempt Employees not Under an Employment Agreement, allowing percentage based wage increases granted to represented employees to also be granted to exempt employees not under an Employment Agreement and vice versa, retroactive to July 1, 2022, was made by Director Webb and seconded by Director Washington.

Motion passed by the following 5/0 roll call vote:

Director Greg Washington	Aye
Director Alfred Wallis	Aye
Director Rick Webb	Aye
Vice President Ben Stewart	Aye
President Byron Glennan	Aye

NB 6. Approve Fourth Amendment to Employment Agreement with Steve Perez (Presenter GM Kim Domingo).

This amendment is directly related to NB 5 and extends the AFSCME 4% wage increase retroactive to July 1, 2022 that was afforded to the represented employees also to the former General Manager Steve Perez.

A motion to approve the Fourth Amendment to Employment Agreement with Steve Perez to extend the same 4% wage increase afforded to represented employees retroactive to July 1, 2022 was made by Director Webb and seconded by VP Stewart.

Motion passed by the following 4/0 roll call vote:

Director Greg Washington	Aye
Director Alfred Wallis	Absent (Left meeting at 7:15 PM)
Director Rick Webb	Aye
Vice President Ben Stewart	Aye
President Byron Glennan	Aye

1. 20th Street Property – No update.
2. Diamond Street Property – coordinating with lead and asbestos testing.

3. Hydrostor – Willow Rock Energy Storage Center Project Update –
The project timeline has been delayed by approximately 6 months. Expected start of construction has shifted from Jan 2024 to June 2024. Expected Commercial Operation is now June 2028.
4. Conservation Program – Currently, water restrictions are governed Under Ordinance 2018-1. Our website has a lot of valuable information and resources on indoor and outdoor water conservation.
5. Rosamond HS Water Connection – No further update. We are investigating whether the project can be done sooner but the school has work to do on their water system prior to turning on the service.
6. The FEMA grant Letter of Interest was submitted earlier today. The project was downsized to half of the originally intended amount per the advice of the State Office of Emergency Services’ consultant.
7. A brief overview of services provided by Waste Management was discussed.
 - SB1383, effective 1/1/2022, requires organic waste collection in the green cans
 - Currently, Rosamond residents are serviced through Waste Management under a Franchise Agreement transferred from Benz Sanitation, who collects one can, does not separate, and disposes in Mojave at 400 Silver Queen Road.
 - Multiple can collection is “coming” according to our discussion with Kern County.

STAFF REPORT

Rosamond Community Services District

DATE: May 24, 2023
TO: Board of Directors
FROM: Kim Domingo, General Manager
Subject: Approval of Side Letter Agreement with AFSCME Local 1902 Regarding the Chief Water Reclamation Plant Operator Salary Range and Job Description

RECOMMENDATION:

Approve the Side Letter Agreement and authorize the General Manager to sign.

BACKGROUND:

On May 11, 2022, the Board approved the Memorandum of Understanding (MOU) with AFSCME Local 1902 and, in a separate action, established the position of Chief Water Reclamation Plant Operator. Adoption of a salary range for the position was not finalized at that time. Staff consulted with the union and the previous General Manager to determine what salary range was intended to appropriately compensate the position as well as determine the minimum qualifications for the position.

In order to mitigate potential salary compaction issues, the attached Amendment to Appendix A of the MOU has been negotiated as well as the attached job description for the position. The attached Side Letter Agreement (SLA) formalizes the negotiated arrangement. Clarification of the effective date of the salary range and job qualifications is also included in the SLA.

ANALYSIS:

The proposed salary range and job description is consistent with comparable positions at similar special districts.

FISCAL REVIEW:

The operational budget is expected to accommodate this increase.

LEGAL REVIEW:

CONCLUSION:

This action is recommended for the District to maintain wage consistency in the wastewater operations profession.

FROM: Kim Domingo, General Manager
Subject: Retroactive Approval of Agreement with Fischer Compliance for Sanitary Sewer Monitoring Plan Update and Training

RECOMMENDATION:

Approve the Agreement with Fischer Compliance for Sanitary Sewer Monitoring Plan (SSMP) and authorize the President to sign.

BACKGROUND:

On August 24, 2022, the Board authorized staff to negotiate an agreement with Fischer Compliance for the District's Sanitary Sewer Monitoring Plan to comply with new regulations in effect. Staff negotiated and arrived at a scope and fee arrangement and Fischer Compliance performed the services, which included an SSMP audit, implementation of a Fats, Oil and Grease program, updates to the SSMP, training and a report of findings. However, the Board had not taken action on an Agreement.

The attached Agreement formalizes the negotiated arrangement.

ANALYSIS:

The consultant deliverables are intended to meet a prescribed regulatory timeframe, so services were performed for the District's benefit ahead of a formal agreement. Under procurement policy, an agreement is warranted.

FISCAL REVIEW:

Not required.

LEGAL REVIEW:

CONCLUSION:

The services have been performed. Approval of the agreement is required.

District acknowledges, however, that Consultant has no control over costs of labor, materials, competitive bidding environments and procedures, unknown field conditions, financial and/or market conditions or other factors affecting the cost of the construction and the operation of the facilities, all of which are beyond Consultant's control and are unavoidably in a state of change. District therefore acknowledges that Consultant cannot and does not make any warranty, promise, or representation, either express or implied, that proposal, bids, opinions of probable construction costs, or cost of operation or maintenance will not vary substantially from its probable cost estimates.

6.5 When Consultant provides on-site monitoring personnel during construction as part of its Services, the on-site monitoring personnel will notify District of any observed defects in the work being performed; will otherwise make reasonable efforts to guard District against defects and deficiencies in the work of the Consultant(s) and will help to determine if the provisions of the contract documents are being fulfilled. Providing on-site monitoring personnel will not, however, cause Consultant's to be responsible for those duties and responsibilities which belong to the construction Consultant, and which include, but are not limited to, full responsibility for the means, methods, techniques, sequences and progress of construction, and the health and safety precautions incidental thereto, and for performing the construction in accordance with the contract documents.

6.6 In addition to or in lieu of on-site personnel, Consultant's off-site staff may periodically visit the Project site as part of its Services. Such periodic visits and any observations made by Consultant during such periodic visits shall not make Consultant responsible for, nor relieve the construction Consultant of the sole responsibility for all construction means, methods, techniques, sequences, and progress of construction, and the health and safety precautions incidental thereto, and for performing the construction in accordance with the contract documents.

7. CHANGE ORDERS

7.1 District or Consultant may, from time to time, request modifications or changes in the Services described in a Task Order. To the extent that the Services to be performed by Consultant have been affected by such change, Consultant's Compensation and Project Schedule shall be equitably adjusted. All changes shall be set forth in a written Change Order in the form of Attachment B, incorporated herein by reference, and executed by both parties.

8. WARRANTY

8.1 Unless otherwise specified, Consultant shall unconditionally guarantee the materials and workmanship on all equipment furnished by him/her/it for a minimum period of one (1) year from date of commercial operation of the items delivered and installed. If, within the guarantee period, any defects or signs of deterioration are noted which in District's opinion are due to faulty design, installation, workmanship, or materials, Consultant, upon notification and at his/her/its expense, shall repair or adjust the equipment or parts to correct the condition or he/she/it shall replace the part or entire unit to the complete satisfaction of District. These repairs, replacements or adjustments shall be made only at such time as shall be designated by District as least detrimental to the operation of the Pine Flat power plant.

Regardless of any statement to the contrary, Consultant agrees that the implied warranty of merchantability and fitness for a specific purpose is not disclaimed.

9. WARRANTY PERIOD

9.1 The warranty set forth in Section 8.1 above shall extend for a period of twelve (12) months following the beginning of commercial operation (the "Warranty Period"). The Warranty Period with respect to any work or equipment that is repaired, replaced, modified or otherwise altered or corrected after commercial operation shall extend for twelve (12) months from the date of completion of such repair, replacement, modification, correction or alteration, provided that in no event shall the warranty period extend beyond twenty-four (24) months from commercial operation.

10. FORCE MAJEURE

10.1 Neither party shall be responsible for a delay in its performance under this Agreement, other than a delay in payment for Services already performed, if such delay is caused by extraordinary weather conditions or other natural catastrophes war, terrorism, riots, strikes, lockouts or other industrial disturbances, acts of any governmental agencies or other events beyond the reasonable control of the claiming party. Consultant shall be entitled to an equitable adjustment to the Compensation and the Project Schedule as a result of any such delay.

11. CONFIDENTIALITY

11.1 Consultant shall treat as confidential and proprietary all information and data delivered to it by District ("Confidential Information"). Confidential Information shall not be disclosed to any third party, other than Consultant's subconsultants or subcontractors during or subsequent to the term of this Agreement. Consultant's duties under this Agreement are in addition to those provided under any separate NON-DISCLOSURE AGREEMENT between the District and Consultant. Nothing contained herein shall preclude Consultant from disclosing information or data: (i) in the public domain without breach of this Agreement; (ii) developed independently by Consultant; or (iii) where disclosure or submission to any governmental authority is required by applicable statutes, ordinances, codes, regulations, consent decrees, orders, judgements, rules, and all other requirements of any and all governmental or judicial entities that have jurisdiction over the Services, but only after written notice has been received by District.

11.2 California Public Records Act. Consultant acknowledges that, as a public agency of the State of California, District is subject to the California Public Records Act (the "Act"). District is therefore required to disclose any information deemed to be a public record upon request as provided in the Act. Therefore, notwithstanding any other provision of this Agreement, District shall not be in breach of this Agreement because it discloses any Confidential Information in response to a request made under the Act.

12. RIGHTS IN DATA

12.1 All right, title and interest in and to the work products provided by Consultant to District shall be the property of District ("Work Product"). All written information shall be provided in original and editable format. Methodologies,

process know-how and other instruments of service used to prepare the Work Product shall remain the property of Consultant.

13. INSURANCE AND INDEMNITY

In connection with work to be performed and/or materials to be furnished under this Agreement, the undersigned Consultant agrees that:

13.1 Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employee. The insurance required by this Agreement is set forth on Attachment C.

13.2 To the fullest extent permitted by law, Consultant will defend, indemnify and hold harmless District, its directors, officers, employees or authorized volunteers from all claims and demands of all third parties arising out of the performance of the work or the furnishing of materials; including but not limited to, claims by the Consultant or Consultant's employees for damages to persons or property except for the sole negligence or willful misconduct or active negligence of Districts, its directors, officers, employees, or authorized volunteers.

14. SUSPENSION

14.1 District may, at any time and without cause, suspend the Services of Consultant under any Task Order or any portion thereof for a period of not more than 90 days by notice in writing to Consultant. Consultant shall resume the Services on receipt from District of a written notice of resumption of the Services. If such suspension causes an increase in Consultant's cost or a delay in the performance of the Services, then an equitable adjustment shall be made to the Compensation and Project Schedule, as appropriate. In the event that the period of suspension exceeds 90 days, the contract time and compensation are subject to renegotiation.

15. TERMINATION

15.1 District may terminate all or part of this Agreement for District's convenience by providing 30 days written notice to Consultant. In such event, Consultant will be entitled to Compensation for the Services performed up to the effective date of termination plus compensation for reasonable termination expenses. Consultant will not be entitled to compensation for profit on Services not performed.

16.1 Notices shall be provided to the addresses below. Notices must be provided by facsimile, electronic email, or hand delivery and will be deemed received on the business day it was transmitted or delivered (unless transmitted or delivered after the close of business in which case it will be deemed received on the next business day), and notice by overnight mail or courier will be deemed received two business days after it was sent:

Either Party may change their address for the purpose of this MSA by giving written notice of such change to the other Party in the manner provided in this paragraph.

MINIMUM SCOPE AND LIMIT OF INSURANCE

Coverage shall be at least as broad as:

1. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than **\$1,000,000** per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Consultant has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than **\$1,000,000** per accident for bodily injury and property damage.

3. **Workers’ Compensation** insurance as required by the State of California, with Statutory Limits, and Employer’s Liability Insurance with limit of no less than **\$1,000,000** per accident for bodily injury or disease. *(Not required if consultant provides written verification it has no employees.)*

4. **Professional Liability** (Errors and Omissions) Insurance appropriate to the Consultant’s profession, with limit no less than **\$2,000,000** per occurrence or claim, **\$2,000,000** aggregate.

If the Consultant maintains broader coverage and/or higher limits than the minimums shown in Paragraphs 1 through 4 above, the District requires and shall be entitled to the broader coverage and/or the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the District.

Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

Additional Insured Status

The District, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Consultant including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Consultant’s insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of **both** CG 20 10, CG 20 26, CG 20 33, or CG 20 38; **and** CG 20 37 if a later edition is used).

Primary Coverage

For any claims related to this contract, the **Consultant’s insurance coverage shall be primary and non-contributory** and at least as broad as ISO CG 20 01 04 13 as respects the District, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the District, its officers, officials, employees, or volunteers shall be excess of the Consultant’s insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Umbrella or Excess Policy

The Consultant may use Umbrella or Excess Policies to provide the liability limits as required in this agreement. This form of insurance will be acceptable provided that all of the Primary and Umbrella or Excess Policies shall provide all of the insurance coverages herein required, including, but not limited to, primary and non-contributory, additional insured, Self-Insured Retentions (SIRs), indemnity, and defense requirements. The Umbrella or Excess policies shall be provided on a true “following form” or broader coverage basis, with coverage at least as

broad as provided on the underlying Commercial General Liability insurance. No insurance policies maintained by the Additional Insureds, whether primary or excess, and which also apply to a loss covered hereunder, shall be called upon to contribute to a loss until the Consultant's primary and excess liability policies are exhausted.

Notice of Cancellation

Each insurance policy required above shall provide that coverage shall not be canceled, except with notice to the District.

Waiver of Subrogation

Consultant hereby grants to District a waiver of any right to subrogation which any insurer of said Consultant may acquire against the District by virtue of the payment of any loss under such insurance. Consultant agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the District has received a waiver of subrogation endorsement from the insurer.

Self-Insured Retentions

Self-insured retentions must be declared to and approved by the District. The District may require the Consultant to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or District. The CGL and any policies, including Excess liability policies, may not be subject to a self-insured retention (SIR) or deductible that exceeds \$25,000 unless approved in writing by District. Any and all deductibles and SIRs shall be the sole responsibility of Consultant or subconsultant or subcontractor of Consultant who procured such insurance and shall not apply to the Indemnified Additional Insured Parties. The District may deduct from any amounts otherwise due Consultant to fund the SIR/deductible. Policies shall NOT contain any self-insured retention (SIR) provision that limits the satisfaction of the SIR to the Named. The policy must also provide that Defense costs, including the Allocated Loss Adjustment Expenses, will satisfy the SIR or deductible. The District reserves the right to obtain a copy of any policies and endorsements for verification.

Acceptability of Insurers

Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the District.

Claims Made Policies (note – should be applicable only to professional liability, see below)

If any of the required policies provide claims-made coverage:

1. The Retroactive Date must be shown, and must be before the date of the contract or the beginning of contract work.
2. Insurance must be maintained and evidence of insurance must be provided ***for at least five (5) years after completion of the contract of work.***
3. If coverage is canceled or non-renewed, and not replaced ***with another claims-made policy form with a Retroactive Date prior to*** the contract effective date, the Consultant must purchase "extended reporting" coverage for a minimum of ***five (5)*** years after completion of work.

Verification of Coverage

Consultant shall furnish the District with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause **and a copy of the Declarations and Endorsements Pages of the CGL and any Excess policies listing all policy endorsements.** All certificates and

endorsements and copies of the Declarations & Endorsements pages are to be received and approved by the District before work commences.

However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide them. The District reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time. District reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Subcontractors

Consultant shall require and verify that all subcontractor/subconsultant of any kind maintain insurance meeting all the requirements stated herein, and Consultant shall ensure that District is an additional insured on insurance required from subcontractors/subconsultants.

Duration of Coverage

CGL & Excess liability policies **for any construction related work, including, but not limited to, maintenance, service, or repair work**, shall continue coverage for a minimum of 5 years for Completed Operations liability coverage. Such Insurance must be maintained and evidence of insurance must be provided **for at least five (5) years after completion of the contract of work.**

Special Risks or Circumstances

District reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

To the Board of Directors
Rosamond Community Services District
Rosamond, California

This letter is provided in connection with our engagement to audit the financial statements of the Rosamond Community Services District (the District) as of and for the year ended June 30, 2023. Professional standards require that we communicate with you certain items including our responsibilities with regard to the financial statement audit and the planned scope and timing of our audit, including significant risks we have identified.

Our Responsibilities

As stated in our engagement letter dated May 3, 2023, we are responsible for conducting our audit in accordance with auditing standards generally accepted in the United States of America, and in accordance with *Government Auditing Standards* of the Comptroller General of the United States of America, and the State Controller's *Minimum Audit Requirements for California Special Districts*, for the purpose of forming and expressing opinions about whether the financial statements that have been prepared by management, with your oversight, are prepared, in all material respects, in accordance with accounting principles generally accepted in the United States of America, as well as accounting systems prescribed by the California State Controller's Office and State regulations governing special districts. Our audit does not relieve you or management of your respective responsibilities.

Our responsibility relating to other information, whether financial or nonfinancial information (other than financial statements and the auditor's report thereon), included in the entity's annual report includes only the information identified in our report. We have no responsibility for determining whether the other information is properly stated. We require that we receive the final version of the annual report (including all the documents that, together, comprise the annual report) in a timely manner prior to the date of the auditor's report, or if that is not possible, as soon as practicable and, in any case, prior to the entity's issuance of such information.

Planned Scope of the Audit

Our audit will include examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. Our audit is designed to provide reasonable, but not absolute, assurance about whether the financial statements as a whole are free of material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations. Because of this concept of reasonable assurance and because we will not examine all transactions, there is a risk that material misstatements may exist and not be detected by us.

Our audit will include obtaining an understanding of the entity and its environment, including its internal control, sufficient to assess the risks of material misstatement of the financial statements and as a basis for designing the nature, timing, and extent of further audit procedures, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. However, we will communicate to you at the conclusion of our audit any material weaknesses or significant deficiencies identified. We will also communicate to you:

- Any violation of laws or regulations that come to our attention;
- Our views relating to qualitative aspects of the entity's significant accounting practices, including accounting policies, accounting estimates, and financial statement disclosures;
- Significant difficulties, if any, encountered during the audit;
- Disagreements with management, if any, encountered during the audit;
- Significant unusual transactions, if any;
- The potential effects of uncorrected misstatements on future-period financial statements; and
- Other significant matters that are relevant to your responsibilities in overseeing the financial reporting process.

Our responsibility as auditors is, of course, limited to the period covered by our audit and does not extend to any other periods.

Certain significant risks are presumptive in most audits and merit attention by the auditors due to the direct impact over financial reporting and internal control processes. Although we are currently in the planning stage of our audit, the following presumptive significant risks are applicable to our audit and require special audit considerations:

- *Management's override of internal controls over financial reporting:* Auditors must consider and respond to the risk of management override of internal controls, which is the intervention by management in handling financial information and making decisions contrary to internal control policy.
- *Revenue recognition:* Auditors must consider and respond to the risk of management subversion of generally accepted accounting principles in determining how and when revenue is recognized.

We expect to begin our audit on approximately May 22, 2023. Scott Manno, CPA, CGMA is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the information and use of the Board of Directors and management of the District and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully,

Rogers, Anderson, Malody & Scott, LLP.

To the Board of Directors
Rosamond Community Services District
Rosamond, California

The following represents our understanding of the services we will provide the Rosamond Community Services District.

You have requested that we audit the governmental activities, business-type activities and each major fund of Rosamond Community Services District (the District) as of June 30, 2023, and for the year then ended and the related notes, which collectively comprise the District's basic financial statements as listed in the table of contents. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) and *Government Auditing Standards*, issued by the Comptroller General of the United States of America, and State Controller's *Minimum Audit Requirements for California Special Districts* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Accounting principles generally accepted in the United States of America (U.S. GAAP), as promulgated by the Governmental Accounting Standards Board (GASB) require that supplementary information, such as management's discussion and analysis (MD&A) and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of America, (U.S. GAAS). These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation, and comparing the information for consistency with management's responses to our inquiries. We will not express opinions or provide any form of assurance on the RSI.

The following RSI is required by U.S. GAAP. This RSI will be subjected to certain limited procedures but will not be audited:

1. Management's Discussion and Analysis
2. General and Major Special Revenue Fund Budgetary Comparison Schedules
3. Pension Related Schedules

Supplementary information other than RSI will accompany the City's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and perform certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and additional procedures in accordance with U.S. GAAS. We intend to provide an opinion on the following supplementary information in relation to the basic financial statements as a whole:

1. Other Major Funds Budgetary Comparison Schedules

Auditor Responsibilities

We will conduct our audit in accordance with U.S. GAAS, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America, and the State Controller's *Minimum Audit Requirements for California Special Districts*. As part of an audit in accordance with these standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards* and the State Controller's *Minimum Audit Requirements for California Special Districts*. Please note that the determination of abuse is subjective and *Government Auditing Standards* does not require auditors to detect abuse.

Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

Compliance with Laws and Regulations

As previously discussed, as part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion.

Management Responsibilities

Our audit will be conducted on the basis that management and, when appropriate, those charged with governance, acknowledge and understand that they have responsibility:

- For the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America;
- For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements; and
- To provide us with:
 - i. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the basic financial statements such as records, documentation, and other matters;
 - ii. Additional information that we may request from management for the purpose of the audit;
 - iii. Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.
- For including the auditor's report in any document containing basic financial statements that indicates that such basic financial statements have been audited by us;
- For identifying and ensuring that the entity complies with the laws and regulations applicable to its activities;
- For adjusting the basic financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the basic financial statements as a whole; and
- For acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
- For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
- For informing us of any known or suspected fraud affecting the entity involving management, employees with significant role in internal control and others where fraud could have a material effect on the financials; and
- For the accuracy and completeness of all information provided.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility: (a) for the preparation of the supplementary information in accordance with the applicable criteria; (b) to provide us with the appropriate written representations regarding supplementary information; (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) to present the supplementary information with the audited basic financial statements, or if the supplementary information will not be presented with the audited basic financial statements, to make the audited basic financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management and, when appropriate, those charged with governance, written confirmation concerning representations made to us in connection with the audit.

Nonattest Services

With respect to any nonattest services, we agree to perform the following:

- To propose adjusting or correcting journal entries to be reviewed and approved by management
- To assist management with drafting the financial statements based on the entity's trial balances

We will not assume management responsibilities on behalf of the District. However, we will provide advice and recommendations to assist management of the District in performing its responsibilities.

The District's management is responsible for: (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

Our responsibilities and limitations of the nonattest services are as follows:

- We will perform the services in accordance with applicable professional standards and
- The nonattest services are limited to the services previously outlined. Our firm, in its sole professional judgment, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities, including determining account coding and approving journal entries.

Reporting

We will issue a written report upon completion of our audit of the District's basic financial statements. Our report will be addressed to the Board of Directors. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s) to our auditor's report, or if necessary, withdraw from the engagement. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed.

Other

We understand that your employees will prepare all confirmations we request and will locate any documents or support for any other transactions we select for testing.

If you intend to publish or otherwise reproduce the basic financial statements and make reference to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Regarding the electronic dissemination of audited financial statements, including financial statements published electronically on your internet website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

Professional standards prohibit us from being the sole host and/or the sole storage for your financial and non-financial data. As such, it is your responsibility to maintain your original data and records and we cannot be responsible to maintain such original information. By signing this engagement letter, you affirm that you have all the data and records required to make your books and records complete.

If it is determined a Single Audit is needed subsequent to this engagement letter, we will provide the District with another engagement letter covering the terms and conditions related to a Single Audit and the Uniform Guidance.

Government Auditing Standards require that we document an assessment of the skills, knowledge, and experience of management, should we participate in any form of preparation of the basic financial statements and related schedules or disclosures as these actions are deemed a non-audit service.

Provisions of Engagement Administration, Timing, and Fees

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications.

Our firm may transmit confidential information that you provided us to third parties in order to facilitate delivering our services to you. We have obtained confidentiality agreements with all our service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have the appropriate procedures in place to prevent the unauthorized release of confidential information to others. We will remain responsible for the work provided by any third-party service providers used under this agreement. By your signature below, you consent to having confidential information transmitted to entities outside the firm. Please feel free to inquire if you would like additional information regarding the transmission of confidential information to entities outside the firm.

Scott Manno, CPA, CGMA is the engagement partner for the audit services specified in this letter. His responsibilities include supervising our firm's services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the audit report.

Our fee for the audit will be \$27,710. We will notify you immediately of any circumstances we encounter that could significantly affect this initial fee estimate. Whenever possible, we will attempt to use the District's personnel to assist in the preparation of schedules and analyses of accounts. This effort could substantially reduce our time requirements and facilitate the timely conclusion of the audit. Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

Our fee for this engagement assumes the following: the District will be adequately prepared for the audit and the District's financial operations and working trial balance will be consistent from year to year. If, after we receive the working trial balances, we notice there are excessive new accounts over the prior year; or if there are excessive subsequent journal entries; prepared by client workpapers that do not agree to the working trial balances, there are new funds/functions within the District, or other changes that necessitate a significant amount of time to address, we will need to come to an agreed-upon change order to address any possible additional costs incurred by the firm. If the need for additional work does come to our attention, we will immediately notify District staff. If you choose to have us perform the additional work, then such work will be performed at the same hourly rates applicable to the audit work and set forth in an addendum to the contract between the District and our firm.

Board of Directors
Rosamond Community Services District

Management is also responsible for the implementation of new standards issued by the Governmental Accounting Standards Board. We will provide reasonable assistance in the preparation of the items noted herein, but any significant time needed to complete the financial statements will be billed separately.

Our proposed fee is also dependent on all items requested being completed in the format requested or in a mutually agreed upon format and uploaded to the Engagement Organizer hosted by our firm in a timely manner in accordance with the agree-upon audit timeline.

During the course of the audit, we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

You agree to inform us of facts that may affect the basic financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

We agree to retain our audit documentation or work papers for a period of at least seven years from the date of our report. Upon expiration of this period, we will be free to destroy our records related to the engagement. However, we do not keep original client documents, so we will return those as they are used during each engagement. It is management's responsibility to retain and protect the records for possible future use, including examination by regulators and federal agencies.

We require that a copy of the final trial balance (i.e., a trial balance ready to audit) be delivered to us at least 10 business days prior to the start of the audit, otherwise we may reschedule the start of the audit.

At the conclusion of our audit engagement, we will communicate to the Board of Directors the following significant findings from the audit:

- Our view about the qualitative aspects of the entity's significant accounting practices;
- Significant difficulties, if any, encountered during the audit;
- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

The audit documentation for this engagement is the property of our firm and constitutes confidential information. However, we may be requested to make certain audit documentation available to regulators, federal agencies, and to the U.S. Government Accountability Office pursuant to authority given to it by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision of Rogers, Anderson, Malody & Scott, LLP's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the regulators. The regulators may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

In accordance with the requirements of *Government Auditing Standards*, we have attached a copy of our latest external peer review report of our firm for your consideration and files.

Non-solicit Clause

We value each and every one of our clients as well as each and every one of our employees. We have spent a great deal of time and resources to locate, train and retain our employees. We respectfully request that you do not solicit our employees to work for you. If you do hire one of our employees within 2 years of when they last worked for our firm, we will be due a finder's fee equal to 50% of the annual salary they were earning as of their last day of employment. Payment will be due within 10 days of your receipt of our invoice.

To ensure that our independence is not impaired under the AICPA Code of Professional Conduct, you agree to inform the engagement partner before entering into any substantive employment discussions with any of our personnel.

International Alliance Membership

Our firm is an independent member firm of Alliot Global Alliance, which is an international alliance of independent accounting, law, and specialist firms. STAFF REPORT

Rosamond Community Services District

DATE: May 24, 2023
TO: Board of Directors
FROM: Kim Domingo, General Manager
Subject: Approve First Amendment to Employment Agreement with Kim Domingo

RECOMMENDATION:

Approve the First Amendment to the Employment Agreement with Kim Domingo and authorize the President to sign.

BACKGROUND:

On May 10, 2023, the Board passed a policy which addressed salary increases for represented employees and exempt employees. The policy provides for equitable increases for both sets of employees in the event either side receives an increase. The policy excluded the increase for employees with an employment agreement.

The current Employment Agreement with your General Manager indicates that an increase is due to the General Manager if either group receives an increase, which is contrary to the adopted policy. The proposed First Amendment corrects the language to be consistent with the policy. Any increases due the General Manager are at the discretion of the Board and may only be done through an amendment to the Employment Agreement.

ANALYSIS:

This action is proposed to avoid any real or perceived conflicts during any labor negotiations.

FISCAL REVIEW:

Not required.

LEGAL REVIEW:

CONCLUSION:

Since the current Employment Agreement language is not consistent with policy, approval is recommended.

Kim Domingo, General Manager

Sherri Timm, Director of Administration

- C. The Board and Employee seek to clarify Agreement terms that are affected by the adoption of the employee compensation policy.

STAFF REPORT

Rosamond Community Services District

DATE: May 24, 2023
TO: Board of Directors
FROM: Kim Domingo, General Manager
Subject: Approval of Well Construction Access Agreement with BHT of Richmond, LLC

RECOMMENDATION:

Approve the Well Construction Access Agreement and authorize the General Manager to sign.

BACKGROUND:

Board Order No. R6V-2019-0251 (Order) issued by the Regional Water Quality Control Board, Lahontan Region (Lahontan), governs the operation of the Water Reclamation Facility. One of the findings of fact in the Order is nitrate impacts to the groundwater under the existing oxidation/evaporation ponds. To monitor the status of the impacts, the District was required to set up monitoring wells in and around the existing ponds. The Order includes a requirement to update the groundwater analysis, including the construction of three additional monitoring wells. The District retained Kennedy Jenks to perform the groundwater analysis work, including the siting of the three new wells.

Two of the wells are sited on private property, requiring the District to negotiate with the associated owners for well construction and access. The proposed Well Construction Access Agreement has been negotiated with the property owner to provide the needed authorizations.

In exchange for the rights to install and maintain the monitoring well, the owner, BHT of Richmond, LLC, has requested the District maintain the drainage channel in accordance with the Conditional Letter of Map Revision obtained to accommodate community drainage through their proposed development. The maintenance of the channel by a third-party has been required by Kern County Public Works in order to advance the owner's development project. All maintenance costs are the owner's responsibility under the Agreement, so there is no cost to the District to arrange for the maintenance.

ANALYSIS:

The Order requires the installation of the monitoring wells. This agreement secures one of the two sites needed to construct the wells.

FISCAL REVIEW:

Approval of this Agreement results in no cost to the District.

LEGAL REVIEW:

The District's counsel drafted and has approved all edits.

CONCLUSION:

The monitoring wells are needed to comply with the Order. Approval of the Agreement allows one of the wells to be constructed.

RECITALS

- A.** On February 1, 2023, FEMA approved the Project.
- B.** The Project includes within its scope the Storm Channel Improvements, which are detailed in the CIP. The County requires that Landowner use a third party to maintain the Storm Channel Improvements and suggested that the District would be an appropriate entity to maintain the Storm Channel Improvements.
- C.** The District is required by the WDID Permit to monitor groundwater quality in conjunction with the District's operations of its Wastewater Treatment Plant. In furtherance of its obligation under the WDID Permit, the District desires to install a Monitoring Well on Landowner Land.
- D.** Pursuant to the terms of this Agreement, RCSD and Landowner agree that it is mutually beneficial to both Parties that RCSD performs all required operations and maintenance of the Storm Channel Improvements to ensure adequate protection from a 100-yr storm event in accordance with the OMP and, in exchange, Landowner allows the District to install a Monitoring Well on Landowner Land and reimburses the District for its costs incurred in maintaining the Storm Channel Improvements.

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual covenants and agreements stated herein, the Parties agree as follows:

AGREEMENT

1. **Incorporation of Recitals.** The foregoing recitals are incorporated herein as terms and conditions of this Agreement.

2. **District Right of Entry.** The Landowner grants to the District and its employees, agents, consultants, and contractors a non-exclusive year-round license to enter onto the Landowner's Land at any time with no advance notice to Landowner to (i) construct, maintain, and repair the Monitoring Well on the Landowner's Land in the approximate location depicted on Exhibit B site; (ii) obtain information from the Monitoring Well including but not limited to groundwater elevation and water quality data from the Monitoring Well, and (iii) inspect, monitor, maintain and repair the Storm Channel Improvements as set forth herein.

a. **Relocation.** Should the Monitoring Well need to be moved from its location to a new location within the boundaries of Landowner Land, the parties agree to work together to identify a new location that will allow the District to meet its obligations under the WDID Permit. Should there be no location on Landowner Land that will allow the District to meet its monitoring obligations under the WDID Permit, this Agreement shall terminate 180 days after the District notifies Landowner that there is no location on Landowner Land that will allow the District to meet its obligations under the WDID Permit.

3. **District's Obligations.**

In the exercise of its rights and obligations under this Agreement, the District shall use its best efforts to minimize or avoid interference with Owner's use of the Property.

- a. **The Well.** All costs related to the construction and maintenance of the Monitoring Well on Landowner's Land shall be funded by the District, except for any maintenance needed to repair any damage to the Monitoring Well caused by Landowner.
- b. **Storm Channel Improvements.** The District shall maintain the Storm Channel Improvements in compliance with the CIP, OMP attached hereto as Exhibit D and any other applicable Project documents. The District will at all times comply with all local, State, and Federal laws and regulations with respect to the Storm Channel Improvements and its obligations hereunder, including with respect to the removal and disposal of any materials from the Storm Channel Improvements, and Landowner understands and acknowledges that such laws and regulations take precedence over the CIP and any other Project document. As may be requested from time to time by Owner, the District shall provide the Owner with documentation identifying any material(s) removed as part of the District's obligations hereunder, the quantity, and disposal destination.
- c. **Estoppel Certificate.** The District agrees, from time to time, within ten (10) business days after request of Landowner, to execute and deliver to Landowner or

Landowner's designee, an estoppel certificate stating that this Agreement is in full force and effect, and that Landowner is not in default hereunder with regard to any maintenance or payment obligations. If the Agreement is no longer in force and effect, or Landowner is in default, the District shall have no obligation to deliver an estoppel certificate but shall instead notify Landowner that it cannot deliver the requested certificate and specify in detail the reason therefor. Whether or not the District is able to issue the requested certificate, Landowner shall pay all costs and expenses incurred by the District in its investigation of whether to issue an estoppel certificate within thirty (30) calendar days after receipt of an invoice from District and prior to the RCSD's issuance of an estoppel certificate.

4. Landowner Obligations.

- a. **Reimbursement.** Landowner shall reimburse the District for all of its costs incurred in the inspection, maintenance, and repair of the Channel Improvements. The District shall invoice Landowner and Landowner shall pay the invoiced amount within thirty (30) calendar days of the invoice date. The failure of Landowner to timely pay any invoice issued by the District pursuant to this Agreement is a material breach of the Agreement.
- b. **Alteration.** Landowner shall not alter or change any Storm Channel Improvements identified in the CIP without advanced District approval in writing, which approval may be withheld for any reason or no reason in the District's sole discretion. Landowner acknowledges that an alteration of change to the Storm Channel Improvements that changes the District's scope of work hereunder may require an amendment to this Agreement. The failure of Landowner to comply with this section 4(b) is a material breach of the Agreement.
- c. **Ownership.** Landowner represents to the District that, to the best of Landowner's knowledge, Landowner possesses ownership interests in Landowner's Land sufficient to grant access to the District to conduct the construction and groundwater monitoring activities described herein and maintain the Storm Channel Improvements.

5. Access and Control. Except as otherwise provided in this Agreement, Landowner retains the exclusive right of access to and control over the Landowner's Land. Nothing contained in this Agreement may be construed as affording the public a right of access to any portion of the Landowner's Land or precluding Landowner's right to grant access to third parties across the Landowner's Land, provided that such access is not inconsistent with this Agreement. Notwithstanding the foregoing, the District may take any measures it deems reasonably necessary to secure and protect the Monitoring Well.

6. Duration of Right. The Parties agree that this Agreement shall remain in full force and effect until terminated upon agreement of the parties in writing or as otherwise set forth herein.

- a. **Material Breach.** Should Landowner be in breach of this Agreement, and fail to cure the breach within the timelines set forth in section 14, below, District's

obligation to maintain the Storm Channel Improvements shall cease until such time as Landowner is no longer in breach.

- b. **Termination Due To State Action.** If the State of California requires a new groundwater monitoring well offsite of the Landowner's Land pursuant to the District's WDID Permit, the District may terminate this Agreement upon 180 days advance written notice to Landowner.

7. **Effect of Termination.** In the event of termination, the District will continue to maintain the Storm Channel Improvements in accordance with the provisions of this Agreement for a maximum period of twelve (12) months from the termination date to allow for another entity with taxing authority to assume maintenance of the Storm Channel Improvements in accordance with the OMP, during which time the provisions of Section 4 above remain in full force and effect. The District's maintenance obligations shall permanently end upon the date a new entity commences maintenance of the Storm Channel Improvements or upon the date that is 12 months after the date this Agreement is terminated, whichever is sooner. In addition, upon termination of this Agreement, the Landowner may elect to have the Monitoring Well:

- a. Removed, filled, and/or plugged, pursuant to Federal, State, and local law, by the District at its sole cost and expense within 90 days of termination of this Agreement. Upon this removal, the District shall work with the Landowner and take all actions reasonably necessary to repair any area(s) of the Landowner's Land that were damaged or otherwise altered as a result of the construction of the Monitoring Well(s) by the District to the condition that existed immediately prior to the damage or alteration caused by the District.
- b. Transferred to the Landowner, pursuant to a separate transfer agreement negotiated and executed by and between the District and the Landowner. If the District and the Landowner are unable to agree on a transfer agreement within 60 days of the termination of this Agreement (**Election Expiration Date**), the Landowner shall be deemed to elect to have the District proceed under section 7(a) of this Agreement. In that event, the 90-day period for the GSA to comply with section 5(a) shall commence as of the Election Expiration Date.

8. **Storage.** The right of entry shall include permission for the District to store (i) those tools and equipment necessary to construct the Monitoring Well and (ii) any and all other pieces of equipment necessary for the operation of the Monitoring Well.

9. **Maintenance of Landowner's Land.** The Parties acknowledge that this Agreement grants the District a non-exclusive year-round license to access the Landowner's Land for the purpose of (i) constructing, maintaining, and repairing the Monitoring Well; and (ii) obtaining groundwater elevation and water quality data from the Monitoring Well. Accordingly, except as provided in this Agreement, the Parties agree that the District (including its employees, agents, consultants, and contractors) is under no obligation to maintain or otherwise repair the Landowner's Land.

10. Damage/Restoration. The District (including its employees, agents, consultants, and contractors) shall take all reasonable precautions to avoid damaging the Landowner's Land. If any damage is caused to the Landowner's Land by the District's exercise of its rights and obligations under this Agreement, the District shall notify the Landowner immediately. In addition, the District shall, at its sole cost and expense, work with the Landowner and take all action reasonably necessary to repair any damage caused by the District and restore the area(s) of the Landowner's Land to the condition that existed immediately prior to the damage caused by the District. Notwithstanding the foregoing, the paragraph does not apply to any damage to Landowner's Land by the District arising from the District's maintenance of the Storm Channel Improvements hereunder, unless such damage was reasonably avoidable.

11. Compliance with Laws. The District and Landowner shall comply with all applicable laws, ordinances, rules, regulations, court orders and government agency orders now or hereinafter in effect in carrying out the terms of this Agreement. If a provision of this Agreement is terminated or held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall remain in full effect.

12. Covenants to Run With the Land. The District and the Landowner declare their express intent that the covenants set forth in this Agreement shall run with the Landowner's Land, and shall bind all successors in title to the Landowner's Land. This Agreement shall be recorded in the Office of the Recorder of Kern County, California, at the expense of the Landowner and shall constitute notice to all successors and assigns of the title to said Property of the obligation herein set forth, and also a lien in such amount as will fully reimburse the District, including interest as herein above set forth, subject to foreclosure in event of default in payment.

13. Indemnity. Landowner agrees to indemnify, defend (with counsel reasonably approved by the District) and hold harmless District and authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by District on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. Landowner's indemnification obligation applies to District's "active" as well as "passive" negligence but does not apply to District's "sole negligence" or "willful misconduct" within the meaning of Civil Code Section 2782.

District agrees to indemnify, defend (with counsel reasonably approved by Landowner) and hold harmless Landowner and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of this Agreement from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by Landowner on account of any claim except where such indemnification is prohibited by law, and the District shall not be responsible for defending, indemnifying, or holding harmless the Landowner with regard to costs, claims, damages, losses, or other liabilities arising out of the negligence or intentional misconduct of the Landowner.

14. Cure Period and Remedy. In addition to any remedy available to either Party under this Agreement, if a Party is in breach of any term of this Agreement, or otherwise violates any term of this Agreement, and does not cure the breach or violation within the time already provided in this Agreement, or, if not provided, within thirty (30) calendar days after notice of such violation

made pursuant to paragraph 15 or within such time authorized by either Party if said cure reasonably requires more than the applicable time period, either Party may bring an action at law or in equity in a court of competent jurisdiction to enforce compliance by either Party with the terms of this Agreement. In such action, either Party may recover any damages to which either Party may be entitled for the violation, enjoin the violation by temporary or permanent injunction without the necessity of proving actual damages or the inadequacy of otherwise available legal remedies, or obtain other equitable relief.

15. Written Notices. Any notice made pursuant to this Agreement shall be served in person, via overnight delivery, or by deposit in the U.S. Mail, first class postage prepaid, to the address set forth below. Notice(s) shall be deemed effective upon receipt if served in person, or seventy-two (72) hours after deposit in the U.S. Mail or delivery service, whichever is earlier. A party may change a notice address only by providing written notice thereof to the other party.

STAFF REPORT

Rosamond Community Services District

DATE: May 24, 2023

TO: Board of Directors

FROM: Sherri Timm, Director of Administration

Subject: Adoption of Resolution No. 2023-9 by the Board of Directors of Rosamond Community Services District to Provide for the Collection of Water and Sewer Base Fees Through the Tax Roll of Kern County.

RECOMMENDATION:

By motion, adopt **Resolution No. 2023-9** of the Board of Directors of Rosamond Community Services District to provide for the collection of water and sewer base fees through the tax roll of Kern County.

BACKGROUND:

Base rates cover the infrastructure costs associated with delivering clean drinking water and disposing of sewage. These costs include system maintenance, equipment, facilities, customer service, administrative costs, and personnel. Base rates do not vary from month to month.

The District has been using the collection method of tax roll levy for charging and collecting the base water and sewer fees since 2020.

ANALYSIS:

This manner of collection of service fees is exempt from Proposition 218.

Government Code section 61115(b) authorizes the District to provide for the collection of base fees for water and sewer service on the tax roll in the same manner as property tax.

FISCAL REVIEW:

No cost is attributed by this action. There is no budgetary impact unless the attached resolution is not passed. This would impair the ability of the RCSD to collect the assessments needed to pay the District expenses.

LEGAL REVIEW:

N/A

CONCLUSION:

Staff recommends that the Board of Directors, by motion, approve and adopt the following **Resolution No.2023-9** related to water and sewer base fees through the tax roll of Kern County for the FY 2023/24.

(1) The preliminary levy amount does not include special adjustments and may be subject to change.

(2) Assessor’s parcel identification, for each lot or parcel within the District, shall be based on the County Assessor’s secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

Based on County Assessor’s secured roll data, current assessor’s parcels, including corrected and/or new assessor’s parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor’s parcel has a status change in development, other land use change, or subdivides into multiple assessor’s parcels, the assessment amounts applied to each of the new assessor’s parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

(1) The preliminary levy amount does not include special adjustments and may be subject to change.

(2) Assessor's parcel identification, for each lot or parcel within the District, shall be based on the County Assessor's secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.
